

WARNERACTIVE™ PRESENTS

THE CHAOS ENGINE

This gripping, action-packed adventure journeys through four distinctive graphic worlds and sixteen challenging levels. Each level is loaded with fiendish traps, secret passages and puzzles. To survive this maniacal gauntlet, you will need to use the most devastating weapon there is—your mind! Besides cunning, you will also need an arsenal of hands-on firepower to blast your way through the hoards of different monsters. And if you can survive all that, you still have to take on the ultimate killing machine, itself... The Chaos Engine.

Release: Spring 1995

FLIGHT OF THE AMAZON QUEEN

Flight of the Amazon Queen is an irreverent pastiche of the adventure serials that were popular in the 1940's. It is brimming with fun-filled action and a progressively difficult level of play. The game has over 100 different

graphic locations with over 40 individual characters with which to interact. The story progresses through the use of full screen cutaway sequences giving the game dramatic depth.

Release: Fall 1995

Formats: PC-CD/PC-DOS
